

Supply List: Fill Your Wagon!

Directions: Choose supplies to fill your wagon. You will be traveling across a wilderness (no stores) for about 2 months. The cost next to the supply reflects how large, heavy, or expensive it is. Choose one, two, or three of the items you want (no more than three.) You can figure out total cost by multiplying how many you want x cost.

You are limited to 1000 points total. *Fill your own wagon - no sharing with your teammates!*
